

Visas 2 Ventures Webinar

Published: Thursday, 21 November 2024 18:33

Written by: Liliana Bolaños

Voices for Utah Children hosted a webinar in partnership with the [American Business Immigration Coalition \(ABIC\)](#), [Immivisa Law Group](#), and [Utah's Department of Professional Licensing](#). The event provided insights into visa options based on skills, profession, or education, exploring employment pathways, federal immigration policies, and Utah's licensing landscape. Attendees heard from experts and Utah residents about navigating visas like the H-1B1 and EB-2 National Interest Waiver. The session included a Q&A on Utah licensing, federal immigration changes, and upcoming administrative shifts impacting visa pathways.

At Voices for Utah Children, we believe equitable access to education and resources is the best way to set younger generations up for success. High school students need pathways to college and employment to contribute meaningfully to our communities and workforce.

- If you'd like to consult with an immigration attorney specializing in employment and education-based visas, you can find a curated list of Utah attorneys with expertise in these areas by clicking [here](#).
- If you're an internationally-trained professional seeking U.S. licensing based on your degree or experience, click [here](#) to complete the contact form for Credentialing Services and determine your eligibility.
