Earlier this month, we had the joy of celebrating 40 incredible years alongside

friends, advocates, and community members. We're deeply grateful for the support shared on such a fun and meaningful Friday.

As part of the celebration, we honored 40 outstanding advocates and community organizations whose ongoing impact continues to shape a brighter future for Utah's children. Thank you for being with us, for your partnership, and for the powerful legacy you are building for children and families across our state.

We extend our heartfelt thanks to our sponsors: Intermountain Health, Primary Children's Hospital, Select Health, and The Andrus Foundation for making this special event possible.

We were also honored to have guest performances by the Kennedy Jr. High Mariachi Band and the Voice of Honey Native American Dance Group. Thank you for sharing your time and talents with us during this special celebration.

Student Advocate of the Year

Once again, from all of us at Voices, we thank you for 40 years and look forward to many more.
